I certify that the information provided above and in the attached documents is true and accurate to the best of my knowledge. I understand that the accountability status determination reported in the Information Reporting Services (IRS) portal/nySTART is official and that the district and its school must meet all federal and State requirements pertaining to such accountability designations and expected student performance improvements.

I further certify that I have reviewed the Diagnostic Self-Review Document and met with the school leadership to discuss and revise the rubric ratings as appropriate and that I concur that the ratings provided in the rubric are an accurate assessment of the school's current performance in relation to the tenets.

Superintendent's Signature _____ Date _____

For New York City schools, the Community School District Superintendent must sign the self-assessment.

A Message to School/District Leaders:

The purpose of the New York State Education Department (NYSED) school review is to provide all New York State (NYS) stakeholders currently involved in school and/or district evaluation cogent messages around school improvement and highly effective educational practices. Our thinking is that the more the NYS educational community engages in common practices and uses common language to evaluate and describe effective schools, the more readily we, as an educational community, will be able to provide high-quality seats to all students in our state.

Guidance

The Diagnostic Self-Review Document provides an opportunity for the school, with the assistance of the district, to assess its current level of performance in regard to the school leadership, teacher practices and decisions, curriculum development and support, student social and emotional developmental health, and family and community engagement. Schools should use the self-review as an opportunity to identify actions to be taken to improve student academic results for the identified subgroup(s), describe the district resources to be used to implement the actions identified, and describe the professional development activities planned to support the implementation of the actions to improve student academic results.

The Diagnostic Self-Review Document and Report Template must be approved by the district's Board of Education (for New York City (NYC) schools, it must be approved by the Chancellor) and posted to the district's website by Friday, November 21, 2014, as well as kept on file at both the school and the district offices.

Completing This Form

- ✓ Before completing this form, please examine the rubric, and discuss the tenets and the statements of practice with the district representative who will be assisting you in completing, reviewing and approving your LAP Self-Assessment. As the rubric used for the Diagnostic Self-Review is the same one as used for Diagnostic Review for School and District Effectiveness (DTSDE) conducted in Focus Districts, the DTSDE website (<http://www.p12.nysed.gov/accountability/diagnostic-tool-institute/home.html>) contains helpful information about the rubric.
- ✓ In collaboration with your school leadership team and your district representatives, complete the Self-Review by identifying the strategies and practices you either are planning to implement or have implemented that meet the needs of your school, as identified by the assessment.
 - Pay particular attention to the performance of the subgroups that caused the school to be identified as requiring a Local Assistance Plan (LAP).
 - Use evaluative language and connect how the strategies and practices have or will impact teaching and learning.
 - Make sure the activities proposed reflect a new and robust direction or a continuation of practices that are showing evidence-based positive results in closing the achievement gap(s).
- ✓ Be concise and clear when describing the evidence that supports your ratings.
- ✓ Provide information in the plan that addresses the "who, what, when, and why" of the strategies chosen to meet the needs of the school.
- ✓ **Please Note:** The designation of a school as a LAP means that a school has areas that need improvement, particularly as they relate to the subgroup(s) of students who are failing to make academic gains. These areas should be reflected in the ratings, evidence and action plans outlined in this assessment.
- ✓ Before the completed Self-Review Document and Report Template are submitted to the Board of Education (for NYC, the Chancellor) for approval, the school superintendent must meet with the school leadership to discuss and revise the rubric ratings as appropriate.

A successfully completed Self-Review provides an accurate picture of your school and its needs and describes the actions you and the district will take to address these needs. The evidence and plans for improvement described in the document will closely align to the expectations put forth in the rubric, therefore aligning the plan to the optimal conditions for school effectiveness.

If you have any questions regarding completion of the Local Assistance Plan Self Assessment, please send an email to accountinfo@mail.nysed.gov.

Rate each practice with an H, E, D, or I in the space provided. Before assigning a rating of Effective or Highly Effective to a Statement of Practice, the school should pay particular attention to how the statement of practice is related to the performance of the subgroup(s) of students who caused the school to be identified as requiring a LAP. When providing a response to a Statement of Practice that is Effective, Developing, or Ineffective, the school should specify whether actions will be targeted to the subgroup(s) of students who caused the school's identification or be part of a whole school transformation or turnaround strategy.

Tenet 2 - School Leader Practices and Decisions: Visionary leaders create a school community and culture that lead to success, well-being and high academic outcomes for all students via systems of continuous and sustainable school improvement.

Rating	Statement of Practice 2.2: The school leader ensures that the school community shares the Specific, Measurable, Ambitious, Results-oriented, and Timely (SMART) goals/mission and long-term vision inclusive of core values that address the priorities outlined in the School Comprehensive Educational Plan (SCEP).									
<input type="checkbox"/>	Highly Effective	a) The SMART goals/mission and long-term vision are created and supported by staff, families, and students and are uniformly seen, heard, and known across the entire school community and affiliated partnerships. b) The school leader champions the implementation of a data-driven mission for student achievement and well-being and holds the school community of stakeholders accountable for working to realize the long-term vision and the school priorities as outlined in the SCEP and other school improvement documents. c) The school leader and community stakeholders regularly monitor and evaluate progress toward attainment of SMART goals and priorities in the SCEP that are aligned to the long-term vision, making adjustments when goals are not achieved, improvements are needed, and priorities become misaligned.								
<input checked="" type="checkbox"/>	Effective	a) The SMART goals/mission and long-term vision are created and supported by a representative group of staff, families, and students and some affiliated partnerships. b) The school leader shares a data-driven mission for student achievement and well-being with the school community of stakeholders and has a plan for how to work together to realize this long-term vision and the school priorities as outlined in the SCEP and other school improvement documents. c) The school leader and community stakeholders monitor and evaluate progress once or twice a year toward SMART goals and priorities in the SCEP aligned to the long-term vision.								
<input type="checkbox"/>	Developing	a) The SMART goals/mission and long-term vision are created with limited input by stakeholders, and are in the process of being shared with staff, families, and students across the school community. b) The school leader has a data-driven mission for student achievement and well-being, outlined in the SCEP, and is in the process of developing how the school community will work to realize the long-term vision. c) The school leader is in the process of adapting SMART goals that better align to the long-term vision, or these SMART goals exist but are not monitored and evaluated.								
<input type="checkbox"/>	Ineffective	a) The SMART goals/mission and long-term vision are unknown, not commonly understood, and/or have not been shared with staff, families, and students across the school community. b) The school leader has not developed a data-driven mission that is connected to the long-term vision. c) The school leader has not developed SMART goals or the current goals are not aligned to the long-term vision.

Actions in this area to be taken to improve the identified subgroup(s) student performance levels.	Data Teams will meet monthly to select a grade level goal and monitor progress based on data collected and interventions provided. The school will communicate the administrator’s and grade level goals with families. Generation Ready will be supporting staff in classrooms throughout the school year based on grade level goals. The LAP committee will meet quarterly to review our progress and report out to families and staff. Partnership with RSE-TASC to support co-teaching teams.									
Describe the district resources to be used to implement the actions in this area to improve the identified subgroup(s) student performance levels.	The District will be continuing our contract with Generation Ready this year, with an increased emphasis on supporting literacy instruction at grades K – 2. Generation Ready consultants will be meeting with K-5 staff for in classroom support throughout the school year. Faculty meetings and half days will be used to hold Data Team meetings that focus on grade level goals. Bob England from RSE-TASC will provide PD for co-teaching teams during monthly planning. In addition, he will provide PD’s before school to all staff.									
Describe the professional development activities planned to support the implementation of the actions in this area.	Generation Ready will provide PD at Superintendent’s Conference Days. A book study this year will be offered this year for <u>Engaging Students With Poverty in Mind</u> . Bob England will provide monthly PDs for staff using <u>Explicit Direct Instruction</u> . Greg Tang will be providing two full days of support and PD in the spring of 2016.									
Rating	Statement of Practice 2.3: Leaders make strategic decisions to organize programmatic, human, and fiscal capital resources.									

<input checked="" type="checkbox"/>	<p style="text-align: center;">Highly Effective</p>	<p>a) The school leader collaborates with staff to create and use transparent systems and protocols that afford students and teachers the ability to fully benefit from a flexible and thoughtful program, which includes a creative expanded learning time program, that are aligned to student achievement.</p> <p>b) The school leader strategically recruits, hires, and sustains personnel. The leader uses a variety of partner organizations to create a pool of internal and external human capital that enables the school to creatively, equitably, and adequately meet the academic and social needs of all students. Where the district makes the hiring decisions, the school leader articulates successfully the need for appropriate staff.</p> <p>c) The school leader analyzes and identifies fiscal capital available to the school community throughout the school year, making on-going strategic and sustainable decisions to fund targeted efforts aligned to school-wide goals, considering the needs of all students and staff members. Tenet 6 - Family and Community Engagement: The school creates a culture of partnership where families, community members and school staff work together to share in the responsibility for student academic progress and social-emotional growth and well-being.

Statement of Practice 6.2: The school leader ensures that regular communication with students and families fosters their high expectations for student academic achievement.

<input type="checkbox"/>	Highly Effective	<p>a) The school leader, in collaboration with the staff, ensures that staff members are knowledgeable about the school's priority and plan for students to graduate from high school and complete postsecondary education (college, CTE) with advanced competence, and school staff regularly communicate this priority to students, parents, and community leaders in ways that are appropriate for the grade level of the students.</p> <p>b) The school community implements proactively the plan to create diverse and meaningful opportunities for engaging students, families, and community stakeholders in the conversation regarding high expectations for student academic achievement and uses multiple points of entry to provide tips and tools focused on student learning and development.</p> <p>c) The school leader and community review and assess routinely how parents respond to the efforts to build family-school partnerships to foster high expectations for student academic achievement and make timely adjustments if strategies are not working.</p>
<input checked="" type="checkbox"/>	Effective	<p>a) The school leader makes it a school-wide priority for all students and their families to be aware of the school-wide expectations and plan pertaining to graduating from the school and provides age appropriate information about college and postsecondary CTE programs to students and their families.</p> <p>b) The school community implements the plan to foster conversations with students and families regarding high expectations for student academic achievement and provides tips and tools focused on student learning and development.</p> <p>c) The school staff reviews and assesses how parents respond to the efforts to build family-school relationships and makes periodic adjustments to those efforts if strategies are not working.</p>
<input type="checkbox"/>	Developing	<p>a) Most of the school staff members are knowledgeable about the expectations for student academic achievement, or the school leader is developing a plan to communicate the expectations to students and families.</p> <p>b) The school community is beginning to use a plan to encourage students and families to learn about the expectations for student academic achievement, or a limited number of staff members are having these conversations with students and families.</p> <p>c) The school staff is working to adjust their efforts to build family-school relationships, or only some staff regularly review and adjust their efforts to building relationships to foster high expectations for student academic achievement.</p>
<input type="checkbox"/>	Ineffective	<p>a) The school leader has not prioritized communicating high expectations for student academic achievement, and there is little or no evidence that staff communicates these expectations to students and families.</p> <p>b) The school community does not promote or engage students and families in conversations regarding student academic expectations.</p> <p>c) The school staff is neither examining nor adjusting the school's efforts to build relationships with students and families to foster high expectations for student academic achievement.</p>

Rating	Statement of Practice 6.5: The school shares data in a way that promotes dialogue among parents, students, and school community members centered on student learning and success and encourages and empowers families to understand and use data to advocate for appropriate support services for their children.	
<input type="checkbox"/>	Highly Effective	a) School leaders, data specialists, student support professionals, program coordinators, and community agencies share data and integrate data systems in order to identify family needs and target appropriate support strategies. b) The entire school community ensures that student data is shared in a way that families can understand a child’s learning needs and successes, proactively advocate for their children, and partner with the school to provide appropriate student support.
<input type="checkbox"/>	Effective	a) School leaders, data specialists, student support professionals, and program coordinators use data to identify family needs and target strategies to address them. b) The school community ensures that student data is shared in a way in which families can understand student learning needs and successes and are encouraged to advocate for student support.
<input checked="" type="checkbox"/>	Developing	a) The school staff recognizes that there is a need to share and integrate data systems to identify family needs, and a plan is being developed to do so, or the school staff uses data but is not working with the school's partnerships to share and respond to data pertaining to family needs. b) The school community inconsistently shares data regarding student learning needs and success that families can access and understand.
<input type="checkbox"/>	Ineffective	a) There is no evidence that school leaders, data specialists, student support professionals, and program coordinators have prioritized or recognized the need to share and integrate data systems. b) The school community does not share data with parents in ways they can understand.

BLT will be reading Beyond the Bake Sale to find creative ways to support families and focus on becoming partners in education.

Describe the process used to develop this plan pursuant to CR100.11.

A committee was formed to complete the self-review. Support was provided through Dutchess BOCES while completing the self-review. Dutchess BOCES provided support by doing a walk through using the RSE-TASC walk-through tool. This data was compiled and reviewed before the self-review was completed.

At the self-review meeting, ratings were given for each statement of practice. Then actions were identified to focus on improvement for SWD and ED students.

The plan will be presented to the faculty and the BOE for approval.
