

Spring Break is here!

This is an excellent opportunity for us to save energy! Before you leave for the break, please do your part & prepare your area for the Energy Program Shutdown!

Thank you so much for all you do!
We truly appreciate your support!

Before the Break:

- Turn off all powerstrips!
- Unplug computers, monitors, speakers and printers that are not in powerstrips.
- Clean out & unplug all personal fridges!
- Unplug all chargers, fans, coffee pots, clock radios, and other items that are plugged into an outlet.
- Close the blinds and tilt the slats upwards unless you have a southern exposure.
- Last one out → Lights Off!

Please contact me if you have any questions!

**Have a safe,
wonderful and well
deserved Spring
Break!**
